HESAA Higher Education Financial Aid Resources

Presenter, Carla Donegan

Platform: Google Meet

Wednesday, March 12, 2025, 11 am - 12:30 pm

Organization description:

HESAA, the Higher Education Student Assistance Authority, is the only New Jersey state agency with the sole mission of providing students and families with financial and informational resources for students to pursue their education beyond high school.

Workshop description:

New Jersey leads the nation in offering the most generous, need-based state grants to help low- and moderate-income students (of all ages) pay for college. With the Tuition Aid Grant and the New Jersey College Promise, NJ state financial aid offers an affordable pathway to a college degree. Based on income, a college degree may be free!
